About SonRise Publications

Janet Revill has been composing music for many years, for enjoyment in schools, choirs and churches.

Her original compositions of songs for worship, choral works and Christian musicals have been inspirational to singers, congregations and audiences alike.

SonRise Publications was set up by Janet and Eilidh Gunson to make this music available to a wider audience in the hope that more people would get to know the Divine Love of God and Jesus Christ through music.

Listen to samples of our songs and find out more about us by visiting our website:
